Hi Emma

Have you heard Gigi D'Agostino's songs?

"Every day and every night
I always dream that you are by my side
every day and every night
Well I say everything is going to be alright
And I'll fly with you"

This is part of one of his beautiful songs and I wanted to share this with you because:

-Sometimes, every day or every night, I dream that you are by my side.

-Sometimes, when I see your smile and the way you are, I feel everything else is going to be alright.

-Sometimes, Emma, I dream that I'll fly with you :)

You are my inspiration, and I'll always believe in your eyes.

~|||Happy Birthday!!!~

Kisses & best wishes forever.

Happy Birthday Emma!

I hope you enjoy your very special day. I also hope you know how wonderful of an inspiration and influence you are. I have been dealing with intense bullying at school for many years, and, though I cannot quite explain it, you give me hope and help me through each day. You are a fantastic influence in the media as well. My Girl Scout troop is doing a huge service project on the media, and in a world of unhealthy and negative images causing pain, suffering, and mental illness, it is reassuring to know that there are people such as yourself spreading positive, hopeful, and inspirational messages.

Best wishes,
Arielle, United States of America

An inspiration whose beauty and intelligence has captured the hearts of millions. You deserve an amazing 21st, enjoy it and have a great day with your family and friends but know your fans are wishing you a fantastic day too! :)

Features of a Birthday

All your features
Glow on your Birthday
They are so positive
They grow each and every day
Your beauty is astounding
A grand feature in itself
You're so close to my heart
And your voice, greater than myself
You complete every feature
By your warm heart
You make me feel special
Though we are so far apart
Put all your features together
Your beauty, voice, and heart
It's plainly gone together
You cannot separate each part
May you have
The greatest Birthday
You've ever had
You are on my mind
And in my heart
You are a person
Greater than anyone
That ever lived

Emma,

Feliz Cumpleaños, Emma! You will be entering a new phase of life called legal adulthood. In the States, many individuals attaining this age would find this as an excuse to inebriate themselves to prove to the world (and their livers) that indeed, they are superhuman. Whether you take this approach or not is solely up to your discretion. However, as you have some scrupulous tastes, then I hope that you will have a much more sophisticated and graceful passage into your twenty-first year. I wish you good luck on your modeling and acting projects, best wishes on accomplishing your Bachelor's degree, and a fantastic year for you and your loved ones. Once again, a Happy Birthday to you, Ms. Watson!

Hi, Em. I've sent you verses and music video through this project. Hope it'll be posted somewhere and you'll watch and read it. I like it, but it's the way not the rate. It would be very cool to see your reaction, but it's a little.. erm.. impossible (hate this word)))). Did you know what you've been birthed at the same day as Alla Pugacheva (I would say "Russian Queen of Pop Music")? I've been watching her interview recently and I think you two have some similarities. She said practically the same thing as you when you've been saying what you wanna end-up doing many things, not just something one (what she don't wanna be obsessed with her job). And people said what she may be very changed just in one day. And I may be wrong, but I think what the same goes to you.. So, yeah, Happy 21st Birthday!! Let this year be more amazing then previous one and next more then this. Be happy, hate when you are sad ;) And you know what would be the greatest present for your fans and I think for you too? Twitcam!! George Craig do it very oftenly (makes a livestream). And he's making his fans VERY happy. And I don't think what he's getting frustrated after that. Otherwise, I think it's very good experiance for him too.

So, I'm waiting you there..

P.S. Love ya, girrrl :p

Happy Birthday xoxoxo

Good luck with the Perks of Being a Wallflower..
And with everything..

I trying to forget ya
But everything reminds me you again
Хочу чтоб ты была моя
И попадаю вновь в своих желаний плен
I want you to be happy
Any time of day and night
It sounds really crappy
But in my life you are the only light
So, you are 21, times fly
I still don't getcha, still not high
I want you more and more
Not interesting in any other... girl
You know.. You'll laugh! I checked the horoscope
And in my heart starts shining some more hope
We very fit each other there
You know.. I hope that you will care)

Today is your birthday
Almost quarter of the way
Fans wishing you all good
We know what it will would
Kind smiles on your folks
You telling them good jokes
And everything's all right
You're parting there all night
Wish nothing could spoil this day
You allways'd be OK
I love your tired smile
But only for a while
The happier you the better
I hope you'll read this letter

My heart is flying to you
From skies there is good view
It is stumble and it's rise
Someday I've been really wise
This obsession not for best
Time and mind I have waste
Wanna be with you, but why?
I am man, but wanna cry
Wanna cry coz you're away
I'm not sure in meeting day
I'm not sure what it will come
And my children'll call you "mom"
P.S:
Last one line wasn't too sirious
I'm getting more delirious
I don't know what I can do
To be a little worth of you
Should get money? Should get fame?
Should be winning any game?
You know sure I'm not the best
Don't know people from the west
I'm not strong, I'd say I'm weak
I am freak and I am geak
But you know I'm sure I'd die
For only hear from you that "Hi"

Still love you
And allways will
Even if I'll say I don't
Jus' know what I do ;)

Ivan (a.k.a Mr_I1), Russia, Biggg L<3VE ;))) xo

First, ¡¡happy birthday Emma Watson!!

Emma Watson Hi, my name is elizabeth maricela f and my dream is to someday meet you. Since childhood I was fascinated by Spanish literature and since seven years old I write novels and poems, only in my language: Spanish.

I am a genius of literature in my language: Spanish. I know very little English. Yet I make great effort to write to you in English. I can think of a great idea for your next movie. It is a very original and creative idea and it's my gift of your birthday.

NEXT MOVIE OF EMMA WATSON

TITLE: A model and two ghosts

CLASSIFICATION: suitable for all audiences

Topics: fashion, beauty, ghosts and mysteries.

Jessica was a beautiful young girl and of blond hairs. Her features were delicate and feminine as the French models. His eyes were dark brown, her mouth was thin and delicate and her nose was small and upturned. His skin was white with sweets pink freckles and medium height.

She attends school "Beauvoir" and she dresses extravagant but so fashionable and chic. Many people imitated his style. And she is the type of people who created trends of fashion instead of just following fashion.

Jessica was in an airport awaiting the arrival of her aunt Leticia with along her mother. Almost an hour ago of waiting, when they were approached by a fashion agent and a woman executive.

--- This girl has the face, body and style that we need in our modeling agency, the agent said this seriously. That's where they discovered to Jessica. She agreed to sign a contract with the agency of fashion, whose name was "petit mademoiselle." "The first thing I had to do was attend practice sessions at the agency and prepare for his first big runway or fashion show. The first day of training in modelling for Jessica, a woman took to her body measurements and said that Jessica did not have to reach to certain measures and they would measure her body periodically. Then the master in fashion show teach models techniques to walk in a fashion show. Each model had to try to imitate him. Jessica not paraded very well and received a scolding from the teacher: --- "Girl, you have to put more passion into this and you have to see better techniques, he said.

A model with blond hair and blue eyes walked up to Jessica and presented:

--- Hi, I'm "Kelly". Do not listen to the crazy coach. Always he is thus with the new. He was thus with me my first weeks.

Jessica: --- thanks for the encouragement

Kelly: --- hey, you know something ... I invite you to spend Saturday night in the haunted house

Jessica: --- what?! How?!

Kelly: --- hahaha, there is an abandoned house near the lake, before crossing the bridge. My friends and I go to sleep there because that they say ghosts live in the house

jessica:--- hahaha, you hear dangerous, how many people go?

Kelly: --- three friends and I

Jessica : --- Let me think

Kelly: --- according

On the same day for the night, Jessica and her boyfriend (a brunette sexy man) were to dance at a nightclub.

--- You know, José (Jessica told her boyfriend), I would like to come with me on Saturday night to search for ghosts in a haunted house.

--- How so?, asked José

when Jessica explain everything, the boy felt curiosity and agreed to go with her immediately. And is that Jessica knew the weakness of her boyfriend. He was interested in everything paranormal and mysterious and he felt an inclination to danger

--- I will invite my friend "shogun", said José

Jessica: --- I hoped this of you

The next day at the modeling agency...

It came as a special guest, a famous woman, a designer of fashion to "petit mademoiselle." He was red-haired, of medium build and jet black eyes.

--- Girls, (she talked to the models) are going to do a test of style. I have a big huge clothing store and well known called "it girl ". We will go in vehicle there and of all the store I want you choose: 2 tops, a pair of jeans, 1 dress, 1 short, a pair of shoes and matching accessories. Then you will be measured clothes and you will modeled in front of me.

Whoever has the best style, whoever wins the competition, will have the satisfaction of going in the right direction. Whoever not wins, must understand that it must improve its style. In this profession, who are beginning, the style is very important. I want to help them.

There are five young trainees in the agency of models: Jessica, our main character; Kelly, blond, blue eyes, aquiline nose and thin mouth; Tatiana, black hair, black eyes and Asian features; Lorena, redhead and blue eyes; and finally Julia, dark brown hair and green eyes. All are thin.

When they reached the store, gave them a tour and then began the competition.

Jessica wanted elegant clothes and youth at a time. First, chose a pale pink dress and long, then a mini short blue, a pair blacks boots, blue jeans and tight with many decorative buckles, a white top and a black top, both of lace and velvet. Finally, Jessica chose simple and small earrings as an accessory. Then, she modeled her elections in front of the designer. To her surprise, was voted the best dressed and best style.

--- I'm happy to say that I have the results (the designer said, at the end of competition) and the winner is Jessica. Girl, you have style! and you know what suits you. You were the best dressed and I liked that you chose organic fabrics and garments extravagant chic and fresh air. And the other models applaud.

On Saturday night, came the big moment: the mystery of the haunted house...

Jessica and José (her boyfriend) and his friend "shogun" came of last. Young people gathered outside the haunted house. Kelly and her three friends already there. Kelly told everyone:

--- Tonight we will not sleep. Each hour we are going to send three of us to explore the house to see what's new. I brought my laptop and go watch movies or play music and dance, but we will not sleep.

The youngs entered the house and started to savor the food that they brought and they put music. While the others were talking, Jessica and her boyfriend were alone in a room dark and dusty.

Jessica: --- So you want to see ghosts!

José: --- I'd rather see to you a thousand times

Both youngs began to kissing and then they threw themselves to ground in an embrace. But then, the door of room closed alone. Jessica and José become locked. José tried to open the door, but could not because it was locked. Jessica and José shouted

--- Boys! Boys! Come on, something weird is happening here!

But before the others achieved arrive the door, this opened itself alone. Jessica looks a shadow walk near of her and passed out. When he had awakened after a minute, all young people were around her.

Her boyfriend gave her a hug and kiss on the forehead saying:

--- Love, I'm glad you're okay.

And Kelly added:

--- Jessica rests a while, I will put some relaxing music, I'll bring you water. Kelly gave him a glass of water.

After a while Jessica felt better and asked music for dance. They took heed and suddenly young people were dancing and joking among themselves.

"A disco filled with dust and cobwebs, creepy," said José. While they have fun gave the one o'clock

--- What time it is in the clock on your laptop, Kelly, asked Jessica.

--- One o'clock

The lights began to flash on and off alone, lights flash on and off, flash on and off, flash on and off alone ... The Youngs started shouting

Jessica (scared): --- I thought this house had no electricity

Kelly replied: --- do not have. They heard that it broke something of glass in the room in front of them.

Jessica saw two people in the courtyard and out into the yard to see who they were. And near them, said: --- "You are the ones doing all this?"

The rear door of the house, it allows access to the courtyard, was closed alone. Jessica stayed alone in the courtyard with two people. Her boyfriend and his friends shouted: --- "Jessica, Jessica, are you okay?"

--- I'm fine, responded

Her boyfriend tried to open door. He pounced on it with his whole body

Suddenly, Jessica noted in the two beings that they were not persons because they become slightly transparent and are floating in the air... A man and a woman, both about thirty years.

The ghost woman said: --- dear, at last someone who can see us. Girl, we are ghosts, two husbands who died two centuries ago. Will not hurt thee. We need your help. Jessica could not speak, she was paralyzed with fear and she just babbles.

--- look dear, (said the ghost husband), she is paralyzed with fear.

Female ghost: --- If you look at our clothing was used in Europe two hundred years ago.

And it was true.

The woman ghost --- we are trapped in this world while we not give to know our secret to the people

Ghost Husband: --- My wife and I are descendants of the Grand Duchess Anastasia of Russia.

Princess Anastasia survived the fateful night that killed his father, Czar of Russia, to his mother, the Empress and her siblings. We have diaries, letters and evidences of this.

The ghost woman --- I beg you, help us, do not abandon us, we are good people. We'll wait you in this place every four days. Do not tell anybody anything. The ghosts disappeared. José finally opened the door, pushing it and said: --- love, you okay?

Jessica: --- if nothing happened to me. It was only the feeling

of being alone in the dark

José: --- thank God. José embraced her.

The next day, in the modeling agency. The agent talked alone with Jessica.

--- We want the day after tomorrow, you will do a photo shoot for a teen magazine. Jessica accepted enthusiastically.

The day of the photo shoot, Jessica arrived at the agency ahead of moment as her agent had specified to her.

They dressed her as a fairy, with her pink wings, pink mini-dress and silver shoes. They make up to her with silver eyeshadows; red lips and pink blush. They took 25 photos in different poses. The photographer gave indications such as "you smile with eyes." Then, they dressed her as a modern young lady with black flared skirt, a purple jacket, matching shoes and a white blouse. And they make up to her with nude eyeshadows, fuchsia lips and pale blush. They took 25 photos in different poses, again. The photographer was giving directions: "more ethereal", "go down the little face "

The photographer showed to Jessica, her strong photos and weak photos. The photographer hugged her and said:

--- Excellent, baby, great! Everyone applauded.

It was time to re visit the ghosts. Jessica was determined to uncover the mystery. It was in the afternoon to the haunted house and alone. I was scared, but her curiosity was stronger. He went to the backyard and there were the two ghosts waiting for her. The ghost woman said:

--- We'll tell you where is saved the diary of anastacia Romanov and where lie her bones.

If you interested in this story, I beg you that you ask to the responsible of this birthday card, my e mail. I can not write everything here, Emma Watson beautiful princess. Happy birthday!

This is my gift, you can use it as you want and God bless you and you be very happy. I support you in everything.

A tip: Instead of a film can do a TV series with this story. A television serie about fashion would be more famous than Hannah Montana. Although you, Emma Watson, you are more famous than Hannah Montana, already.

Happy birthday, Emma!

I'm from Louisiana and am a freshman in high school. I am currently taking art, and my teacher assigned us a project to draw a pencil portrait of an inspirational woman, and I chose you! I chose you because, of course, I am a huge Harry Potter geek and because I simply find you to be the most beautiful woman because you have a natural beauty on the outside and a kind and gentle beauty on the inside. I am usually not all that fantastic in art, but I was fairly pleased with the outcome of this portrait! I know that it isn't anywhere near how beautiful you truly are, but it was good enough to give me an A! So thank you so much for giving me the initiative to do well on my portrait!

Пусть становятся явью мечты!

И станет, без сомненья,
Прекрасным, светлым, добрым днём

I wish you have a wonderful day, filled with delight and joy. Your a very inspirational figure in society, and if I may say so myself, one of the most smartest, and one of the most original. Dear Emma,

Zdravei! There is no way to thank you enough for what you have done. You are the most inspiring person I know of and you have made such an incredible contribution to the Harry Potter series! You are the reason why I came to live in the UK. You were my childhood. I admire you!

Mariya, Bulgaria

Another year passed through and you continue surprising me. What is that new cut?! (yes, you have done your hair four months before but is the first time I can comment it to you). I like it, you look nice with it. However, I like more the long one.

Now, I'll go to the point of this letter: HAPPY BIRTHDAY EM! Happy 21's birthday. Last day I was thinking about the day you'll reach 30 years, about the day of your wedding, your kids...and I thought I met you when you were only ten and since that day I admire you (I'm 17 now).

Everything began when I went to see the first Harry Potter movie (here, in Argentina) with my mum and she said I was similar to you because of my hair. Then I continue with the series and I liked how you were acting and, over all the things, the way you were and you are.

I like that you are very down to earth despite of having much fame, you are a good person and you think in the others, you are very intelligent and you want to continue learning in spite of the fact that you don't need to work anymore, you learn for the pleasure of learning. Another thing I value is you though how to help another making the things you love, like clothes and your project with People Tree (I like the line, sadly, I can't buy it in my country). And finally, and most superficial, I like how you dress, how you make up and I how you brush your hair. Personally, I love shoes, I'm crazy with them.

I want you to know you are my roll mode, my example to follow as a woman. Please, don't think I'm crazy and I have my own personality but I like you as my idol.

I hope you are having the best birthday day with your family and a great party with your friends and a lot of presents that you must enjoy. Happy Birthday Em, again and please please, if you can, don't forget to came to Argentina for the Harry Potter Premiere this year, like Matthew last year because I think it will be the last opportunity to met you. I really have a good time meeting him and, probably, it will be the best if I know you. Don't forget it, you have a lot of fans here waiting for you. HAPPY BIRTHDAY EM! I love you (:

Lot of love and bises,

Malena A. Schaffner

Buenos Aires, Argentina.2011.

PS: I have a lot of grammatical mistakes I hope you can understand the sense of this message. Here I send I photo of me with you (it isn't my best face I think I have much lips in this photo but well...).

Hey Emma!

Seems unreal to think that this is quite possibly the 10th birthday project I have contributed to over the years as you (and I!) turn 21!

Wishing you the most fantastic birthday from down under! 21 is a huge year - I am so excited for us - and even though I know you are incredibly busy, just always remember to enjoy everything you do and revel in the happiness it brings you... Filming ended for Harry Potter on my 20th birthday last year, but for my 21st, I hope to make it over to America for the final Premiere of Deathly Hallows Part 2 - so see you there and congratulations on all of your incredible achievements over the last 21 years, including not just your acting work but your eco-clothing work as well. You are simply beautiful inside and out, and truly an inspiration. You are the icon of our generation and you should be extremely proud of yourself. We need more people like the lovely Emma Watson in the world!

All my love and best wishes,
Ellyse from DownUnder!!! XXX

Dear Miss Watson

Happy Birthday!

I wish you to be alive and well, i wish you have much happiness, luck and success in every respect!

I want to tell you that you are amazing actress who I really respect and which has captured my heart back in 2001 when the first movie came out for Harry Potter. I admire your great success in film and fashion, as well as your participation in "Ballet Shoes", My week with Marilyn", "The Tale of Despereaux", which sound film Princess Pea, and all parts on the series of Harry Potter. Once again I say that you, in my opinion, and as millions of people worldwide are not only incredibly talented, ambitious and beautiful actress, but a great model that successfully enter into an image of the girl usually the most elegant princess radiating grace, aristocratic, luminous radiation and many other qualities that I think few actresses possess. You are doing awesome and before - as a face of Burberry, and now - as the advertising face of Lancome. In each picture, you are original, beautiful, different... because it very well adapt to the roles, to the various roles in film and fashion. Congratulations on choosing to follow the English literature in one of the most prestigious universities in the world - "Brown" and at the same time to deal with movies, and fashion, and learn! I congratulate you for this! I understand that you also like a lot of music, especially rock! I, like you trying to the several things at once, and one of them is the music does anyone know - can someday to meet you, because I have a great desire at least to shake your hand and congratulate you, not to shoot with you! We kindly invite you, despite the tense your program one day to come to Bulgaria, which has unique nature, history, architecture and climate! I hope I say again someday to meet you, though it may be difficult as there is no hope ... because I want this and want it so much that I would do everything possible to make! Be alive and well!

With lots of love:
Assen Stoykov of Sandanski, Bulgaria.

Hi Em^^

Congratulations, now u'r 21!

i guess it feels a bit strange after 10 years at leavsdn in london, doesn't it? it has been years which shaped ur charackter, now a new period of time has begun u've grown up fast, it feels like yesterday when i saw ur first movie 2001, i've been 7, and i noticed fast u're a talent gee,... where have the last 10 years been? and when i'm thinking about them, i notice life isnt so long as we think, so use ur time, ur life well, and never watch back if u fall, stand up again and try it again! a disappointment, however it hurts, means a step ahead too! i know what i'm talking about,... if you knew who i am and where i come from you would understand.... i still hope i'll realize my dreams, hopefully, 'cuz i'm dreaming since i'm 3... whatever! i like u as u are, just the way u are, there are not many people who are so down-to-earth like u although they're so famous and rich and i'm crazy about ur new hair xD !!! i guess u've read the other letters where people already wrote u are beautiful , so i guess u got it and i musn't repeat it ;) u r supporting fair trade, for peace between USA and Afghanistan, and u visited bangladesh only to make a picture of the location there, much appreciated! i'm proud of u,...., but that should not be a l*** letter, xD i hope u'r enjoying ur time at Brown, ur "normal" life, ;) and i still hope ur fine and pick up writing good marks and, please, pick up!

u're the best!

and happy birthday! enjoy and celebrate ur day!

yours sincerely (from germany)

xx

Abdullah, a German (17)

PS: there is a poem i wrote for u....

Liebe

Gedanken schießen mir durch den kopf...

immer wieder...

es sind immer dieselben Bilder

ich seh deine Augen...

...hör dein lachen...

und mir läuft die würde den bach hinunter...

ich muss jeden tag an dich denken...

ich bin da..

und doch soweit weg..

sag, siehst du mich?

spürst du mich?

und der gedanke, nich bei dir sein zu können

lässt mich leiden...

du bist meine luft

sieh, ich kann nicht atmen...

bitte, lass mich atmen...

lass mich nicht ersticken

deine braune augen...

augen, die alles sagen...

mehr als ein bild

mehr als tausend wörter

du bist perfekt

eine königin

du machst die welt schöner

du machst sie zu etwas besonderem....

nur wegen dir dreht sich die erde

scheint die sonne

dein lachen lässt mich die größten leiden aushalten

und deswegen ist dein leben mehr wert...

es ist dieser eine name, der diese ganzen wörter

zusammenfassen könnte

Emma Watson <3

7 years has passed since you became my idol but nothing has changed. You're a great star and an inspiration to your fellow youth. You may not have magical powers in real life but we, yours fans, were spellbound by your charm.

In this world, where nothing seems certain, only one thing is definite. You'll always be my idol, beyond words, beyond time and beyond distance.

God bless you always and I'm wishing you a bountiful life ahead.

Happy 21st Birthday Emma. Are the years flying by as fast for you as they are for me? So much has happened since your last birthday. You created a twitter and facebook page, cut your hair, landed two new roles, launched Pure Threads and became the face of Lancome. Your post- Potter future is looking brighter than the sun itself. I am sorry to hear that you had to take a break from Brown because of this schedule, as I know how much you enjoy it there. Hopefully you are able to return in the near future to get your degree.

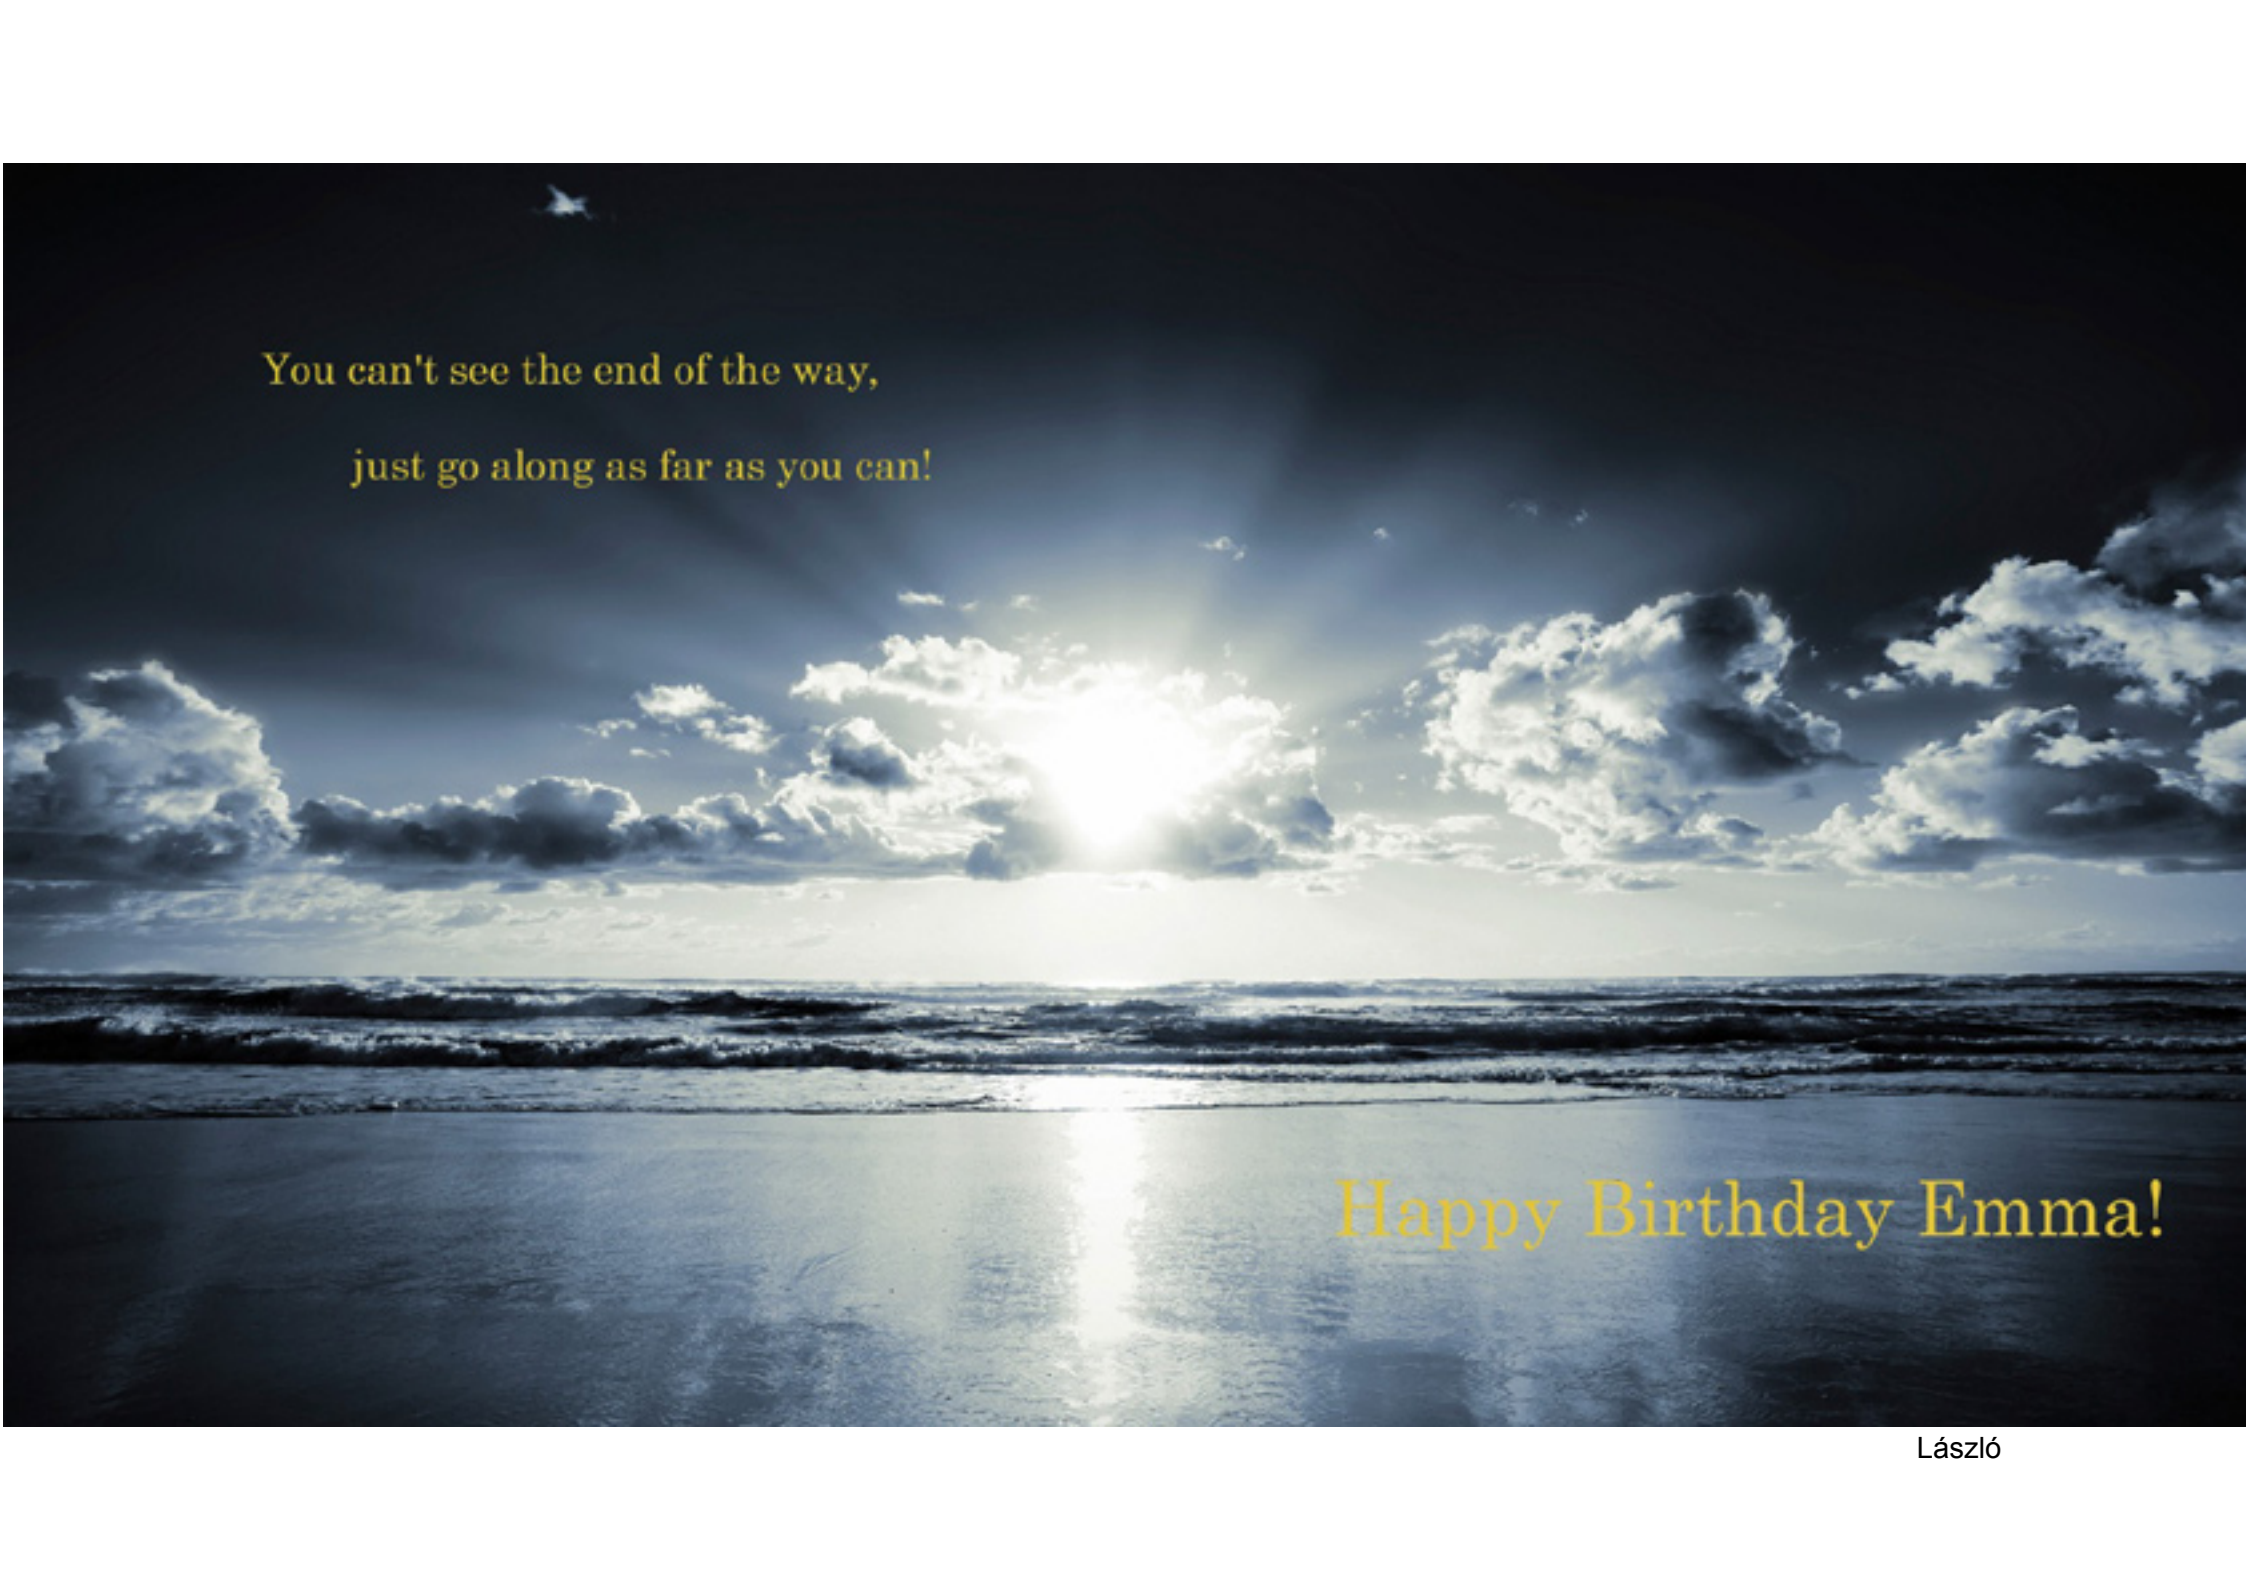

It was back in 2001 when the first Harry Potter film was released in theaters, and ten years later in a few months the film series will end. But with the end of one journey, another one begins, and I will be there to see what the future holds for you. I hope you have a wonderful day with family and friends and I hope we hear from you again soon.

Happy Birthday Emma

Love, Kevin, USA

You're not alpha not omega,
You're not New York, you're not Vegas,

Simply you;

You're not major, you're not minor,
You're not L.A., you're much finer,

Simply you;

I can't paint it, I can't play it,
There's no other way to say it,

Simply you;

I don't care who comprehends it,
My whole world begins and ends with,

Simply you;

You're my train from every station,
You're my final destination,

Simply you;

When I'm losing, when I'm winning,
You're in every song I'm singing,

Simply you;

I can't paint it, I can't play it,
There's no other way to say it,

Simply you;

I don't care who comprehends it,
My whole world begins and ends with,

Simply you;

You're the dance and you're the dancer,
You're the call and you're the answer,

Simply you;

I don't mean to overstate it,
There's no need to complicate it,

Simply you;

I can't paint it, I can't play it,
There's no other way to say it,

Simply you;

I don't care who comprehends it,
My whole world begins and ends with,

Simply you...

Take Care Dear!

Hi Emma! I can't believe another year has passed
already! Time must be flying by, especially for
someone with such a busy schedule. Balancing
college, acting, and fashion must take its toll. I am
a huge Harry Potter fan, and I pretty much know
the books (and movies, for that matter) backwards
and forwards. Your performance in the Harry Potter
movies is outstanding, and I hope you continue to
be a successful role-model! Well, here's to a happy
birthday and wonderful years to come!

Happy 21st!

Jessica Bird, age 15

California

Hi Emma, my name is Thais, I'm 17 and I am one
among its infinite fans in Brazil.

I just want to wish a happy birthday and say that I
really admire you. You are a woman so wonderful,
so full of life, happy, concerned with nature and
with people in need. The world should be like you,
if people care about each other, the result is a
less unequal world, in many respects. Her laugh
is very contagious, it transmits a lot of happiness,
her smile is very charming you know? Her clothes
are amazing, and I do not speak for the brand.
You have wonderful taste in clothes. Your hair is
beautiful, it combines with you, is very unique.

How can you work and pay attention in us fans?
And you could still studying. Wow! Is it because
you love what you do. The option to block college
for a year was the best, is a way to do it all. You
seem very happy, that's great! Your happiness is
a reflection of who you are inside. That's what I
think when I hear the name "Emma Watson", I think
in happiness, I think of love, gratitude and many
other good feelings. Only praise here, but what can
I do? You are worthy to be admired. I think you're
a normal person with a life that was never normal,
because you're like normal people, you work, but
his work is part of fame. How nice that Emma-
Watson.Net gave a chance for us, an opportunity
to wish you the best birthday of the world. Oh, and
you do not look like someone who likes to show
off, cool! Another thing that is really cool, you're not
outraged, like some celebrities.

And I Also want to wish the best for your family
because They Are part of you and you are a
wonderful person, I see this because the joy is
always stamped on you, in your videos and photos
to us.

Emma, want your birthday be full of joy and hope
to pass with his family.

I hope your friends see you and your loved ones
too.

I never tire of talking, you're amazing, it's always
like that.

So what can conclude?

Emma Charlotte Duerre Watson = Happiness,
charm, style, originality, beauty, life, passion, love,
affection, sympathy, friendship, decision, mystery...
And much more!

I can not write my admiration for you, feelings
agent does not write, right?

Happy birthday, Emma! You are amazing!

Bonjour Emma! How are you?
My name is Kimberley, I've been a huge fan of yours
since 2003. You're an amazing role model for so many
of us and the perfect Hermione. Hope you have
a wonderful, relaxing but fun birthday
and good luck with your future!

Dear Emma, the first thing that's appropriate to say here is simply 'happy birthday'. I remember the first time I saw you playing Hermione Granger, when I would have been about six. The books changed who I am as a person and seeing them come to life was just incredible. Hermione always has been a huge influence on me as she's such a fantastic role model, and I genuinely don't think anyone would have been more suited to her character than you. For about eight years now, you have also been such an amazing role model to me, even more so recently because of your choice to go to university over in America, as well as maintaining successful modelling and designing side projects. To think that you're now 21 years old reminds me that you're no longer the small bushy-haired girl in the Harry Potter films, but you have become a beautiful, incredibly successful woman in your own respect. I wish you another successful year, achieving anything you can put your mind to, and acting as a near-perfect role model to myself and many others. Happy birthday Emma, I look forward to seeing everything that you achieve this year ♥

I hope you enjoy your birthday and the rest of your life!

Hugs, kisses and best wishes!

Emma,

I know the chance of you reading & remembering this is slim! None the less I feel compelled to tell you that you have inspired me so much! I first came to notice you when I was just nine and reading the hp series. I was a huge Hermione fan but as I saw more and more of your interviews I became less of a Hermione fan and more of an Emma fan lol. I'm turning 21 this year as well and can only imagine what it's been like for you to grow up in the spot light. In a weird way I feel as though I have almost grown up with you since hp was such a big part of my childhood –even bigger part of yours I'm sure lol- regardless I remained a fan of yours throughout my childhood because through your interviews I realized we shared common goals, passions and beliefs and that's why I wanted to let you know – I think you've done an amazing job! Your life story has kept me believing that dreams can come true and not to let anyone limit you. I hope you have an amazing 21st bday & year and continue to be yourself because I think it suits you best

Another year has passed, with so many accomplishments, that make me feel proud, not just as a fan but as a young woman like you are. Watching you has always been a pleasure, and it will not change.

I'm only a year older, but seeing you making such a great career makes me confident in my own big dreams. I will follow your every step from the shadows. Just assuring you not everybody's stalkerish.

Not a love letter but a birthday card, so throwing cyber confetti, may everything you dream and wish for comes true, don't give up on anything!

Happy Birthday Emma!

Hey, Emma!

I will keep it simple: You can not imagine how much your existence means to me. This may freak you out -probably- but I just wanted to let you know, that you are like a family member to me, because I've been following you for so long now. And you are that one family member that I'm specially proud of.

Have a really happy birthday with your family and friends, I wish you the very best of things. As for me, I'll keep supporting your amazing career and crying from time to time because there won't be anymore HP movies.....p

Just a short message to wish you a happy
birthday and the best for this new year in your life.
I hope you get to be happily busy, that you meet
interesting people, travel all over the world (and
not just for work!), read challenging books, watch
thought-provoking movies and plays... and, last but
not least, get to wear some more of those to-die-for
outfits! All in all, may fun and sparkles come your
way ;)
