fascinated of thoughts of what

I've got to try because anything's possible,

Some one on one time with her, take her somewhere

Merry Christmas Emma. It's finally arrived. I hope you are having a great time with your family. 2010 is almost coming to a close. Once again thank you for once again taking the time to send us an early Christmas gift with your video message, so it's only fitting you get another Christmas project in return.

Hello again Emma :)

I believe this is the fourth christmas project I've been involved in now, its amazing how time flies by! Well what an interesting year you've had, from going into your second year at Brown, to releasing your clothing line, starring in one of my favourite band's videos but most importantly completing the Harry Potter series. Now I was sad enough when it came to an end so I cant imagine what it must of been like for you! But at least now you can focus on your education and future projects... which I am very much looking forward to btw! Well just wanted to wish you the best of luck and happiness for the next year and hope that you have a very Merry Christmas and a fun new year! Love Dan :) x

Dear Miss Emma I've been your fan for more than half a decade now. You are one of the brightest ladies of your age and the most inspiring for me. I love & highly respect you with all my heart & dream that one day I'll shake hands with you. Hopefully next summer on the HP premier in NYC, that I'm planning to visit, I'll get a chance to see you for a brief moment!

What I wish for you is happiness, your smile is truly ravishing.

I wish your work about fair trade & ecofashion really does spread awareness. I wish people understand the reality of the situation & I hope this realization hits everyone and people in my country too.

I think people send you Bibles not to keep you guided, but to keep you safe. You are a great role model - witty & funny, cute & lovely, really nice & kind. And your performance in part 1 blew my mind!! I wish you are offered only exciting & classy roles.

My last is going to be quite selfish. I wish hearing (only good news of course) from you as often as possible!

If I missed smth - I wish you everything you wish for yourself!

P.S. To do the "new" haircut, that suits you unquestionably, was a very brave thing to do IMO

Enjoy the snow while you can!D

Dear Emma!

I really hope that you can relax well over the holidays and that you can eventually see your family again. It must have been an exhausting but also wonderful year to you. So keep on doing with everything you did this year. I wish you the very best of luck for that :) HP 7 part 1 was just amazing. I'm so excited to see part 2!

Here in Germany is indeed so much snow but it's melting a bit. So I hope that it will last till Christmas Eve, because we didn't have white Christmas for many years now.

Emma, I wish you a wonderful and white Christmas and a happy new year!

Love you so much <3

P.S. I absolutely LOVE your new haircut!

Hello Emma,

First of all I just want to wish you a very Merry Christmas and that I hope that all is well. I just wanted to tell you that growing up over the last 19 years I've seen all of the films you've been in since you were 11 and I almost feel like I grew up with you over those last 10 years since you started filming Harry Potter. I've been through a lot in my life and it's so amazing for me to be able to look up to someone like you if I'm ever down or upset. I think you have so much talent and that inspires me to do the things I love to do and never give up on my dreams. Over the years I have been able to talk to you a few times and I don't know if you remember them, but I defiantly do and just thinking about those times puts a smile on my face. There was a time year's ago where you went on Dan's AIM and messaged me and a few other people while filming Harry Potter and that made my day the best day ever. I think your a great person and a great role model and I hope that one day my wish will come true where I can actually tell my friends I didn't just talk to you year's ago, but that I was able to meet you even if it doesn't come true I'm still really glad I was able to talk to my role model. Please don't ever change, I think your a great person just the way you are and that means a lot to me. Thank you so much for being such a warm-hearted, caring, kind, and generous person.

Lots of love one of your biggest fans,
Elizabeth, U.S.

HAPPY CHRISTMAS!

Emma You...

*Your delicate cheeks present the View of
The brightest flowers of world. Brilliant in their
glow & freshness, your ebony (black) brows have
the form of the bow of "Kama" the god of Love
& beneath your long silken eye lashes is the
purest reflection & a celestial light swimming,
as in the sacred lakes of Himalaya. Your teeth,
fine, equal & white glitter between your smiling lips*

*like dew drops in a passion. Flowers, half-enveloped cover your delicately formed ears. Your
Vermillion hands, your heavenly feet, curved & tendered as the Lotus bud, glitter with the
brilliancy of the loveliest pearls of Ceylon & the most dazzling diamonds of Golconda. Your
narrow & supple waist, which a hand may clasp around, sets forth the outline of your heart,
where youth is in its bud, displays the wealth of its treasures & Beneath the silken folds of your
tunic seems to have been modeled by the god-like hand of Vicvarcarma, the immortal sculptor.
Your eyes interpret gratitude better than your lips.*

Wishing you the wealthy health on this Xmas, so u'll always be the one you are... (Aameen)
