Dear Emma:

I'm a sixteen-year old high school student in Taiwan, Taipei. I've been your fan for almost ten years. I love your taste in fashion and I also like the movies that you've acted. I know that you are working hard on your studies in Oxford recently, but I still want to recommend my country to you: Taiwan is a warm and sweet place. You can try many unique foods here. We are famous for the varieties of fruits and the culture of snacks. I hope you would visit my hometown when you want to experience different lives or just want to find a place to relax.

December is my favorite month of the year because it is always filled with happiness. Christmas is coming, wish you have a wonderful year and all your dreams would come true!!!!!!!!!!!!

Hey Emma :)

Here is a Christmas poem I found online, I thought you might like. It's called What's Christmas by Jeffery McNutt :)

Christmas isn't about toys
Christmas isn't about money
Christmas is about giving food to the needy
Christmas is about loving your family
Christmas is to get time to spend with your family

What's Christmas
Christmas is about the holiday
Christmas is about loving what you get
Christmas isn't about sending cards

Christmas is about love

Hope you enjoyed reading it,

love Nicole :) XxX

A photograph of actress Emma Watson on a red carpet. She is wearing a white, short-sleeved, belted dress with a textured, possibly fur-like collar. She is looking towards the camera. In the background, there are many photographers with cameras and bright flashes. A movie poster for 'The Fault in Our Stars' is visible behind her. The text is overlaid on the image.

Emma,

It has been incredible watching you grow up on the big screen, as I myself was growing up at the same time (I'm 20 years old). You have been a huge inspiration to me and every other young adult in our generation. You have such a warm and giving personality, as seen in every interview you have ever given and your involvement with people tree and fair trade. I have never seen such a beautiful, smart, funny, and talented woman before, and the way you stay so grounded with all your success is awe inspiring.

Thus I wish you a very Merry Christmas and a Happy New Year!

Sincerely yours,

Hi Emma,

My name is Robin and I'm 20 years old.

I live in the Netherlands. I want to wish you a Merry Christmas and a Happy New Year!

I hope 2012 will bring you much joy and happiness!

A few months ago I watched a Japanese television series and at the end of the series was a poem.

It became one of my favorite poems and I wanted to share it with you. Maybe you already know the poem, it was written by the Indian poet Kalidasa.

Look to this day:

For it is life, the very life of life.

In its brief course,

lie all the verities and realities of your existence.

The bliss of growth, the glory of action, the splendour of achievement, are but experiences of time.

For yesterday is but a dream, and tomorrow is only a vision;

And today well-lived, makes yesterday a dream of happiness, and every tomorrow a vision of hope.

Look well therefore to this day:

Such is the salutation to the ever-new dawn!

Love, Robin

Hello, Emma! I know you think I'm a fan of.
Perhaps this is so. I'm from Russia. Literally a

time I went to the English site and already I'm
writing to you. I do not think, that it so happens.
I know, it's madness, to communicate via the
dictionary (and I write this letter it is through

Grint should have sunk into my soul. All this
sounds very foolish, but not moglaby you answer

The hero says his final goodbyes, and there are
tears in my lover's eyes,
But it was just a film, make-believe, they all get up
and go home,
And now you're asking me why, love can wither
away and die,
Well I know, I know that some things go, but some
things never change,
Like the starlight, that is shining in your eyes,
Like the storm in a winter sky,
Like the moon on the tide,
Turning it again and again,
Like the way that I love you,
Some things never change,
Like the way that I love you,
Some things never change;
The road is long and it's hard, I don't imagine for a
minute it's not,
But I'll keep my loving for you, right down to the
end,
The fire is blazing bright, we could sit here and
talk all night,
And though this wood must burn away, some
things never change,
Like the starlight, that is shining in your eyes,
Like the storm in a winter sky,

Like the moon on the tide,
Turning it again and again,
Like the way that I love you,
Some things never change;
Like the way that I love you,
Some things never change...

Dear Emma,

Time is ticking, years are flying! Just a couple of days and the year 2011 is dying! A new year is about to rise! 2012 will be the golden year! But before we are there. First we celebrate the Holidays, isn't that fair?!

So I wish to you, your friends and family a wonderful time the following days! I hope this Christmas will be as magic as it can be! And that New Years Eve will be the most wonderful night ever!

I wish you lots of love, luck, health and happiness in 2012! That this year will be a wonderful and lovely year for you!!

Merry X-mas and a joyful 2012!!

Lots of love!

Maurice, Holland

Merry Christmas Emma. I can't believe 2011 has gone by so quickly. You have had an amazing year. The Harry Potter series came to an end and the world saw you play Hermione Granger for the last time. It was bittersweet, but I will say that you were the greatest person for the role. It's hard to believe that just a decade ago the world saw you onscreen for the first time. And since then

you've come a long way. Now your post-Potter career has officially begun, with *My Week With Marilyn* having come out this year and *Perks of Being a Wallflower* coming out next year, and you mentioned that there will be other projects in the future so there's a lot more to come. I am even more excited to see what you have in store for us in the future. Today though I just hope you have a nice relaxing holiday with your family and have the best Christmas yet. You've certainly earned it.

Merry Christmas and Happy New Year.

Love, Kevin, USA

Hello Emma!!

happy christmas emma. i love you so so much. i wish i could one day see you, i know plenty of people say that but if you read this then i love you so much, it's weird how much because i've never met you but the hp books have helped me through alot of hard times and when i got to know you through the movies i began loving you. you're so great and you were playing a role of such a girl power girl and i truly loved it when i was little and still do. then when i grow older i used pictures of you to make my own vidoes about you, because you inspire me so much and you truly are my rolemodel just like my sisters are too me :) <3 have wonderful christmas and may all your wishes come true. because you're not only the most beautiful girl i've seen but the beauty inside of you is so obvious that there is nothing else i can do then love you. you've done so much good and you truly are a wonderful rolemodel to young kids and i love how wise you are and how good messeges you send.

Soooo.... Happy hols, Em. Whish you get anything you want.. And.. want anything you get). Jus whish you to be really, really happy. Remember what happiness is inside us not in something outside.

To keep my tradition of writing poems on every project I wrote another cheezy verse. Hope ya'll like it:

Ok, today is Christmas and this another s... from me.

You did a lot of things this year and count it as your fee.

I won't say how I love you, jus wish you happy time.

But anyway still want you (a lil bit) to be mine.

If you want snow then let it snow wherever you will go.

If you want rain - Ok, then let it rain all day.

If you like sunny days then sun itself would show.

But as it Chrismas time snow would be better way.

What would you like for Christmas, witch?

Just tell me and I'll bring it on.

For me it would be you, me and some beach.

Hi Emma,

You should know that there are those
Who care about who you really are and what you
have to share
A symbol of beauty, grace, and hope
Should the flame of fame
Burn with isolation
Know that there are those to which you are an
inspiration
May you find comfort in the fact that you are a
true heroine

Hi Emma,

My name's Marinella...I'm seventeen years old..
I live in Sicily (Italy) ..forgive me if I make some
mistake =)

This summer I sent two letters to the PO
BOX..but I don't know if you received them
...In those letters there's was my entire life..
I wrote you about my dreams,my life,my goals
and my thoughts....I wanted to share with you my
feelings! I wrote you about one of my favourite
trilogies of books..." The breadwinner" , "Parvana's
journey" and "Mud city". It's a trilogy that makes
you understand the deep sense of life...I love
the role of Parvana...I'd like be part of a movie
based on this story...but I live in Sicily and we are
marginalised from the rest of the world..

I wrote you about "Bernadette"...a girl...then a
woman...with a deep faith...and a strong sense of
loyalty towards Maria (Jesus' mother) ...A movie
based on this story was made on 1943..I'd like
have the chance to do a remake of it...

When I watch a good movie...I'm happy and sad
at the same time....I'm happy because I hope to
do something like that in the future...I'm sad
because every time,I realise that this will never
happen. Maybe you don't mind because you have
everything, but I think that a "rich" person is not
who has the most, but who gives the most!

You've been very lucky...It's like the Harry
Potter's producers found you...God blessed you..He
is always by your side...you're good...you're not like
the other actresses...you don't feel your self like
star... Jesus will be with you as long as you'll be
like this..

Jesus is now with all of us...so I just want to
wish you a great Merry Christmas and a Happy
new year...I hope you'll do something about my
dreams...maybe I'm just dreaming...but I want to
keep dreaming..with your help. I see people win,
but I never win! I want to have a chance! The
same that Hermione gave to you! After secondary
school I'll go to university to study foreign
languages and foreign literatures. Everyone thinks
that I'll do something like teacher and I let
them believe in it...but It's not what I want to
do..I want to study foreign languages to have the
chance to act with foreign actors and actresses
someday...but I feel embarrassed saying this....
HELP ME EMMA!

I leave you with a great sentence for Christmas..

God speaks in the silence of the heart. Listening is
the beginning of prayer. =)

Merry Christmas Emma

Merry Christmas! I am afraid I only just discovered this webpage and didn't have time to make a video or even a card for you! I am currently reading the 6th Harry Potter book and I have seen all the films. I think you are an amazing person and I so wish that in the future I will become an actress and follow your footsteps!

Dear Emma,

There are not enough words to describe how grateful I am to everything that you have done for all the Harry Potter fans. You are definitely the best Hermione ever; no one could have turned her real in such an amazing way as you did. You are always going to be the little girl that turned our dreams true.

In every Harry Potter movie release, it was there, evident to everyone who wanted to see, that the role of Hermione was perfectly played and it filled my heart with satisfaction and joy. It must have been a huge responsibility that you had, to play her and to want to satisfy the fans in every movie. So thank you for doing it in the most brilliant way!

From the first movie to the last one, you and Hermione have been part of my life in a touching way and I really appreciate the presence you had in my life.

There is one thing that I want to tell you: Thank you Emma, thank you so much for everything that you have done for Hermione. Thanks for your dedication and love to one of the most amazing characters of the century. You will always have a space in the heart of the Harry potter fans, including mine.

Merry Christmas, Happy Holidays and many great things in the new year that is about to come!

Love from a huge fan of yours,

Sara Schlindwein
