I wish you a Merry Christmas and a happy new year. Be always happy with great success and being with people who you love. I am a very big fan of you and I just want you to be always HAPPY with your great and sweet smile <3

Danae, Greece

Dear Emma:

I am a super fan of yours. I love "The Perks Of Being A Wallflower". Sam is a girl who I really admire. She and Patrick brought Charlie out of his terrible nightmares, they made Charlie feel that he belonged to this warm big family." We accept the love we think we deserve" is my FAVORITE quote in the film!!! By the way, your American accent sounds really sweet~ Love it <3 You are my true idol, you taught me that everyone should follow their heart, we should listen to the sound in our head and work hard to fulfill our dreams. We have to be sure about ourselves, and we must know what we really want. You never follow the 'Hollywood things', you just be yourself and clearly notice what is RIGHT!!!! THIS IS ABSOLUTELY AWESOME XDDD

If you want to try something new or find some passion, you can visit Taiwan! Every of my foreign friends say that Taiwan is a place where is filled with love, tender sentiments and friendly people. Maybe you can discover something different from Europe ^^

HOPE I CAN MEET YOU FACE TO FACE ONE DAY XDDD

*When I got,I got lost
Even if I want to say,what should I say?*

*There are no such words in any language
In which I can tell you what you are
If I say that there is none as beautiful as you in this universe
Even this praise is not the truth
When I got,I got lost*

*Your beauty that is full of mischief,can be glimpsed from your face
The cloud of your thick hair is tilted on your face with pride
Your dupatta that is moving like waves is like a cloud
It's as if your arms are filled with moonlight of beauty*

*If I say that such lovely,is nowhere and will never be
Even this praise is not the truth
When I got,I got lost*

It's due to your kindness,that this story is there

Now our journey is same

Dear Emma!

You have been my role model since the first Harry Potter film came out - back then it was because I could identify with the character of Hermione, but now it is your own gorgeous personality that inspires me! I hope being the role model to millions of girls doesn't put too much pressure on you. You are a beautiful, powerful young woman. Stay true to yourself. That is what I wish for you and for all of us :)

Merry Christmas Emma! Sending the best to you in London. I hope you have a wonderful holiday season with your loved ones. I am so excited for your upcoming movies, like Noah and Bling Ring. I have to congratulate you on your astounding performance in Perks. As a Harry Potter fan, it felt odd seeing you on the big screen as someone else rather than Hermione. But you shed off the bushy haired, big toothed girl you've played for the past 10 years, and you took on a new form. Your acting (And American Accent) was nothing short of spectacular. Emma, thank you for being such a wonderful actress and role model. You are one of the few people in the industry of whom I can look up to. Many movie stars, they disregard their education because they take their money for granted. But you, you insisted on getting your English degree. You are an amazing person Emma, you truly are. Keep being who you are. Your fans (like me) love you. Happy Holidays,

have been going well for you. I've seen you grow as an
actress over the many years that have passed and it's
always great to see you furthering your career and
fulfilling your greatest dreams. I've always dreamt of
meeting you in person and still feel it would be abso-
lutely amazing (who doesn't feel this way right?). Well
I know I may not be the only one who would love to
meet you in person and get to know you a little more as
friends, but hey, one can only dream. Anyways, I feel
that meeting you would probably be one of the biggest
highlights of my life and it would be truly amazing. If
you happen to pass by Pasco, Washington one of these
days, just give the heads up in some way as to where
you'll be and many people would love to meet you too!

Seasons greetings from Timothy

When to the sessions of sweet silent thought
I summon up remembrance of things past,
I sigh the lack of many a thing I sought,
And with old woes new wail my dear time's waste:
Then can I drown an eye, unused to flow,
For precious friends hid in death's dateless night,
And weep afresh love's long-since-cancell'd woe,
And moan the expense of many a vanished sight:
Then can I grieve at grievances foregone,
And heavily from woe to woe tell o'er
The sad account of fore-bemoaned moan,
Which I new pay as if not paid before.
But if the while I think on thee, dear friend
All losses are restored, and sorrows end.

Happy holidays to the coolest actress on the planet!

Merry Christmas Emma,

I hope you'll love my simple photo gift for you, I compiled all your pictures with your loved ones so that you'll always feel that you are very much loved by us: your family, friends, your work and your fans like me and even though some of us are a thousand miles away from you now, we never forget you because you are always in our hearts and we too are there inside your heart, keeping you more alive because you give life and shine to people who love you so much. You can carry the photo with you and stare at it whenever or wherever you are and whatever you feel because those pictures will bring you back to the most memorable moments you had with those special persons and I do hope that it will make you smile as well as give you strength and girl power to get going on in life. Please, keep and treasure the photo in your heart and in your memory. I may not be part of your picture perfect memories but I'm still wishing and hoping that one day we can have one, a girl memories. Long live and have a very lovely christmas my dear wonderful, inspiring and kindhearted Emma Charlotte Duerre Watson *:-* kiss

Merry Christmas Emma!!! If you are reading this, then the world has not ended and humanity is still around to celebrate Christmas. You've had a huge year in 2012. Perks of Being a Wallflower came out to critical acclaim and praise for the film and it's cast(including yourself of course) with lots of award season talk and ranking highly(and even topping) on lists of the best movies of the year. You've filmed Bling Ring, End of the World (which we survived in real life :P), and Noah(even while dealing with Hurricane Sandy), and you have another project with Lancome coming up as well. It was a huge, busy year for you and things are going to get even bigger in the future, with your upcoming films and your return to Brown next year. But after a busy year, I just hope the end of 2012 brings you a well-deserved rest and time with family and friends for the holidays. You've earned it. Anyway, I wish you a Merry Christmas and a Happy New Year.

Love, Kevin

Dear Emma,

I know you probably get thousands of these, some much more worthy of reading than mine. But I just wanted to wish you a very Merry Christmas and the happiest of New Years.

This year has been such an amazing turn of events; seeing you change role on screens. It was odd, yet beautiful to behold. I suppose it's symbolism, that you're growing up! And moving away from Potter but I still love you all the same. And I just hope someday, when I'm older, I can grow into the wonderful person you are yourself. I know you're branching out and it is difficult not to look at you and see Hermione smiling back at me. But this year, it all changed. I began to see Emma. What a beautiful and charismatic and talented young woman you are. And I felt inspired. You have such a great outlook on life, you see the greater good and you are thankful for that. You have such a kind heart and willing and such, really encourages me to want to be a better person myself.

I get teased and bullied a bit at school, I'm the shy, quiet one- the one branded 'a nerd'. But thanks to you, I no longer look at that as a bad thing. Being a nerd is nothing to be ashamed of, it's something I should be greatly thankful for. Intelligence is also a virtue, as is the patience I need muster to put up with said comments, but it doesn't matter, not to me, not any more. And it never will matter and that is all because

of you. If you hadn't spoken out as the intellectual and cultured woman that you are, I would have had no role model, nobody to tell me that intelligence is something to be grateful for and that is something I will carry with me throughout life.

I'm pleased not to be like the other girls, out at wild parties drinking every night.

But instead, I'm me and a very part of me was influenced and holds you very dear.

So thank you, thank you for everything!

Amy, England
