Dear Em,

Merry Christmas! I know this is your favourite time of year. I hope the world continues to see more of your advocacy and acting skills in 2019. I have cerebral palsy, and have written an essay I thought you might enjoy reading. Merry Christmas Emma,

You have achieved so so much this year and you deserve it all. I love you so much you are my idol, inspiration and you mean the world to me. I'm so proud of everything you have done at only 28. Have a great Christmas you deserve everything. I love you so much and my biggest dream is to meet you.

Love you loads

Molly Sharrock, United Kingdom

I congratulate you, Emma, on Christmas and New Year, I wish you to achieve everything that you desire and deserve, and find that (or create) what you want. All the difficulties we face are worth taking as a blessing, because if all desires were fulfilled at once, then life does not make sense, fortunately, a person is always dissatisfied with what he has and therefore life is filled with new meanings and horizons all the time.

Happy holidays!

I hope you have great holiday and amazing things in the new year. I submitted a piece of artwork through the email address. I hope you like it. I've struggled for years with health issues but went through a manic state where I created hundreds of art prints. I really hope you like it and maybe you can print it and share with someone special. My dream had always been to do what you do. Santa? Love, Scott 💖💖💖

Merry Christmas dear Em
I would like to give you gem
Hugs and kisses I love you
Decided to write you somthng new
Happy new year to you also
Cant greet you in person tho.
Wish you to spend this days great
And its awful what I'm not your mate
So I wish you all very best
I would like to be that beast
Hot hello from west Syberia
He знаю как жить без тебя в этом мире я
You are comes to me at dreams
Wanna watch with you some chmas films
Wanna take you to the restaurant
Think its would be very fun
When I'll get some money
I would send to you some things
Maybe i-pod with Russian love songs or maybe ring
My honey
Hope old mail still works
(Sadly it's already not working... I missed.. Get another
one.. Please:))
If not then it is sucks
So damn wanna spend these days with you
But its close to imposible
I'm feeling blue
You're forever im my heart

I wanna say you I love you pretty woman
I know what Im not only one but Im wanna be your man
Pretty long been your fan
And wanna take to the next level - friend
Your so gorgeous, pretty woman
Your so pretty I would call you gem
It stands for golden Em
I'm not the best out there
But we would make a great couple Im sure
I hope you care
Coz when I get the rubble...
Hope to get your number and call you
To hear your beutifull voice
Wanna be with you at some beauty view
And get some joys.
I would give you anything to make you happy
When you happy Im extremly happy.
Million red roses you will see from your window
When I'll get some dough it will be so
I would give you universe if I could
If I'd be able, I would.
I wanna see you as my woman
That's my life-plan thats my scheme
You like a prinsess from a fairytale
And Im not stale
When you moves my soul is sings
When you talk I've got two wings
You know you comes at me in my dreams
But life without you is not a dream
All I wanna say is Im still loving you through this years
I wanna say it to your ears.

Sorry couldn't send you a message on your bd
Been in hospital
So happy birthday hey
Lately I'll buy you some through paypal
Million red roses or expensive ring
When I'll get rich I'll send it on fan's mail (again, it's
not working.. Sadly:()
You know I'm bird with one wing
Whithout you. It's not a fairytale
I wanna touch your soft skin
And hear your gorgeos voice
I know that's not a sin
It's my main purpose
We meant to be together I think
You know your my queen and I'm your king
Have you listen that song by the way
I want confession I have an obsession
Or whatever
It's like my early poems.. wave
So I have to confesse
It's have been written by my clone
My princess)
I want to disscuss that on the phone
I'm using alian technologies to do it
So whateverrrrr
What are you doing ever
I wanna bother you loger.. little bit
You know I think we'll fit
I want a meet
